

Up, up and away — Make a kite

You will need

- 1 sheet A4 paper
- 1 wooden BBQ skewer
- 1 plastic bag
- Masking tape
- Ball of string
- Piece of cardboard (3cm x 8cm, a piece cut from an old cereal box works well)
- Scissors

What to do

1. Decorate an A4 piece of paper on both sides.
2. Fold a sheet of A4 paper in half lengthwise.
3. Mark 1½cm in from the fold at the top and then 1½cm from the edge at the bottom. Draw a line between these marks.
4. Fold along the diagonal line.
5. Fold back one side to make a kite shape and put masking tape along the fold.
6. Place a BBQ skewer across the top and fasten with masking tape.
7. Turn kite over onto its back and fold the front flap back and forth until it stands straight up.
8. Place a piece of masking tape about 1/3 of the way down from the top.
9. Punch a hole through the masking tape.
10. Tie one end of the string through the hole and wind the other end onto the cardboard.
11. Fly your kite!
